

Automatic road barrier gate with rubber on boom

Product Description

Automatic road barrier gate suitable for outdoor place and any outlet.

Barrier boom can be designed according to the width of the road length 1 ~ 6M, with the advantage of faster speed movements .

- Quick movement configurable opening times: 0.8s, 1.5s, 3s, 6s.
- Boom with rubber profiles and light reflector for safety and respectability
- Self learning function and encoder controlled movement
- Integrated obstacle detection system for extra safety
- Customize boom lengths
- Easy to integrate with other systems

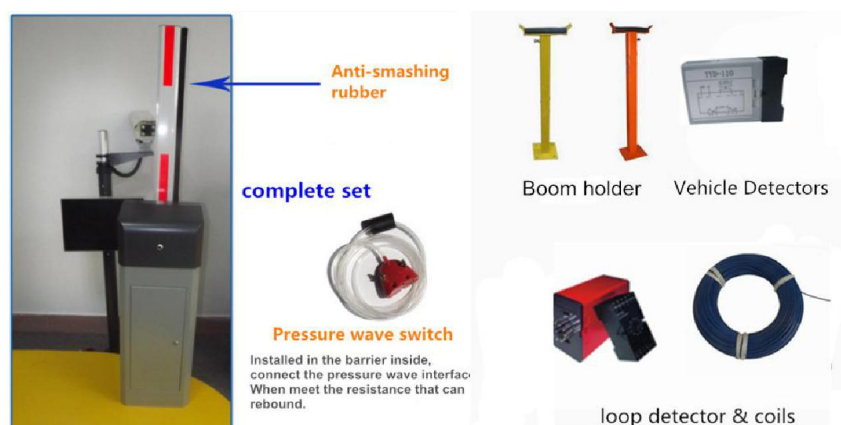

Medium speed : 4-5M optional ; Slow speed : 4.5-6M optional

Parameter

Item	Straight arm barrier gate
Power	220V±10% ~ 110V±10% (50/60Hz)
Power Rating	120 Watt
Color	Yellow/Orange/Grey etc
Remote control distance	≤30M
Housing Material	Galvanized Plate
Arm Gate Material	Aluminum Alloy
Rail Lifting Time	1.5S(fast) / 6S(ordinary)
MCBF	≥5,000,000 times
Working Temperature	-10℃ to 45℃
Net weight	60KG
Optional	LED/Warning/Traffic light
